

Fast Aquatic Weed harvester

Model AT-6090 H5

- ⚙ Hydraulic twin propulsion, weed wrap free helix propellers
- ⚙ Swing power steering for highly efficiency transit speed control
- ⚙ Counter rotating independent drives for tight quarter maneuvering
- ⚙ Vertical hydraulic propeller lifts for shallow water propulsion
- ⚙ Catamaran hull 3/8" (10 mm) thick plastic, unsinkable, for superior speed
- ⚙ **HI-LO** control stand hydraulically lifted on the move.
- ⚙ Low clearance going under bridges. No disassembly for road transport
- ⚙ Head conveyor and propeller swing back reliefs
- ⚙ Independent main and rear conveyor belts and drives.
- ⚙ Heavy duty rock guards, cutters & hold downs

Construction Materials:

Stainless steel: Conveyor & cutter frames, head conveyor belt, propulsion legs and motor housings, fasteners, hydraulic hard lines

Aluminum: Conveyor side walls, engine enclosure, control bridge and lift, boat deck frame.

Power System: 37 HP gasoline engine, (Diesel engine retrofit available) load sensing hydraulic pump and proportionate valves, remote controls for all functions, high and low pressure hydraulic filters.

Fast Aquatic Weed harvester

- ▶ Storage capacity: 200 cubic feet (5.67 cubic meter) / 3500 LBS (1600 KG)
- ▶ Cutting capacity, depth x width: 5 ft. x 5 ft. (1.53 x 1.53 m)

Dense floating weeds, such as Water Hyacinth, Salvinia, Duckweeds

Rooted submerged weeds, such as Milfoil, Elodea, Hydrilla
